

TABQUIK information pack

TABQUIK®

Save time and money by printing your own color-coded file labels.

Why TABQUIK?

Save time. Just one label does it all. No more lead time on label orders.

Locate files quickly with smart color-coding and barcode tracking.

Eliminate misfiles and reduce labeling errors.

Organize files in multiple ways (alpha, numeric, terminal digit).

Keep your information secure - data never leaves your office.

TABQUIK is easy. No special training required. Works with virtually any color printer.

TABQUIK® in action.

Benefits of TABQUIK color-coded labels:

- ✓ Only one label to apply - saving time and money.
- ✓ Durable labels stay on and remain legible throughout the entire lifecycle of your files.
- ✓ Print any text (names, addresses or account numbers) on both sides of the label for quick identification).
- ✓ Multiple label designs for different applications and media.
- ✓ Automatically generates barcodes for file tracking.

calculator:

Calculate Your Savings With TABQUIK

Cost for Individual Hand Applied Labels vs. Cost for TABQUIK Labels + Application

Material Cost:

a. How many labels do you use on a color coded file? Example

b. What is your cost per label?
(individual label cost = package price ÷ qty of labels)

Total Material Cost
(a x b)

Application Cost:

c. What is the hourly wage of personnel applying labels?

d. Average label applied per hour (Avg. person can usually apply 250 individual labels per hour)

Total Application Cost
((c ÷ d) x a)

Individual Label

Material + Application Cost:

Material Cost:

e. What is your cost for each TABQUIK label? Example
(individual label cost = package price ÷ qty of labels)

f. What is your cost for printer ink per label?
(Avg. price is \$0.06 per inkjet label and \$0.03 per laser label)

Total Material Cost
(e + f)

Application Cost:

g. What is the hourly wage of personnel applying labels?

h. Average labels applied per hour (Avg person can usually apply 150 TABQUIK labels per hour)

Total Application Cost
(g ÷ h)

TABQUIK

Material + Application Cost:

A. Cost Difference between Individual Labels vs. TABQUIK Labels:

B. How many folders do you create on a yearly basis?

Total yearly cost savings using TABQUIK (A x B):
